STORY

A powerful tank battle with an enviable staff, cute girl characters and 3DCGI !

The world has evolved into something different from Japan as we know it. Traditional Japanese girls are expected to have "tank skills" as well as flower arrangement and tea ceremony skills, and every school has a "tank club".

Chihaya, a first-year at Ooarai Girls High School, joins the feeble tank club by coincidence.

The club, however, is faced with closure unless they win the next national tournament. Can Chihaya and her club mates, in their dilapidated tanks, win the tournament?
