STORY

December 2199. A.D.

As the year draws to a close, the city is bustling with anticipation for the New Year. It is when news spreads that Ragna the Bloodedge, the top-class NOL rebel with the largest bounty in history, has appeared in the 13th Hierarchical City of Kagutsuchi. Ragna the Bloodedge is also known as Grim Reaper, and his aim is said to be the total destruction of NOL.

Attracted by the huge bounty on his head and his Grimoire, a source of absolute power, various people gather at the 13th Hierarchical City of Kagutsuchi.
