STORY

Rei and Kira have a miraculous encounter at sea. The two, who carry emotional scars from the past and have lived solitary lives, fall in love with each other. Then, a mysterious new student Makio transfers to their school and it turned out that he was a close friend of Rei's dead brother Sei. Makio appears to be sympathetic to Rei and Kira at first, but in reality he obsesses over Rei due to a certain emotion towards her. He eventually uncovers Kira's abhorrent past and tries to split up Rei and Kira. Makio's feeling is so pure that it transforms into a cruel love, which is about to bring a shocking end to Rei and Kira's fate.
